**Notes:**

This extremely popular eagle is one of our first designs offered to the public. This eagle is also the design used in Jan Boggan's tutorial on reassembling split designs. (sewntell.com) Looks great on jacket backs and can be combined with the "bolt" design for neat effects. Uses the old "Ultramatic" digitizing style which trys to avoid needle-up stitches.

Each item listed below has a checkbox   so that the machine operator may indicate that he / she has double checked this information prior to the first run.
